

Air Conditioning & Heating

SSZ16 HIGH-EFFICIENCY HEAT PUMPS UP TO 16 SEER PERFORMANCE

QUALITY MANUFACTURED
AIR CONDITIONING THAT
CAN REDUCE OPERATING
COSTS WHILE ADVANCING
HOME COMFORT.

- ◆ CHLORINE-FREE R-410A REFRIGERANT
- ◆ LEGENDARY GOODMAN PERFORMANCE AND QUALITY
- ◆ 10-YEAR PARTS LIMITED WARRANTY*
- ◆ LIFETIME COMPRESSOR LIMITED WARRANTY*
FOR AS LONG AS YOU OWN YOUR HOME

* To receive the 10-year Parts Limited Warranty and Lifetime Compressor Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec. Full warranty details available at www.goodmanmfg.com.

Thank goodness for Goodman.™

Air Conditioning & Heating

ENERGY EFFICIENCY IS THE KEY...

...TO CONTROLLING THE COST OF HEATING AND COOLING YOUR HOME.

Enjoy top quality, high-efficiency cooling and heating, plus a chlorine-free refrigerant —get them all at a refreshingly affordable price. In particular, your Goodman® brand SSZ16 High-Efficiency Heat Pump will provide you with

reliable cooling at money-saving energy efficiency levels as compared to lower SEER units.

When you purchase a Goodman SSZ16 High-Efficiency heat pump system you are making one of the best decisions for improving your home comfort. Each and every employee at Goodman strives to build heating and air conditioning systems that offer what we believe to be some of the best warranties, highest quality levels, excellent performance ratings, and legendary durability standards...all at a price that will have you saying, "Thank goodness for Goodman."

HEAT PUMP PERFORMANCE

Your Goodman SSZ16 heat pump operates all year long providing comfort to your home. When cooling is needed, the heat pump operates just like a typical central air conditioner. It efficiently cools the indoor air in your home providing enhanced comfort on even the hottest days of the season. As the season changes, and your home requires warm air for optimum indoor comfort, the heat pump literally reverses its operation and creates heat that keeps your home comfortable during cold winter days and nights.

R-410A REFRIGERANT

Compared to lower SEER, R-22 refrigerant units, our new Goodman SSZ16 heat pump system will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain chlorine, it is environmentally-friendlier than R-22 refrigerant, which is currently used in most heat pump systems.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

SEER/HSPF RATINGS

"SEER" stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner or heat pump's cooling energy efficiency developed by the U.S. Department of Energy (DOE). "HSPF," or Heating Seasonal Performance Factor is the DOE's measurement of a heat pump's heating efficiency. Both formulas are simple: the higher the SEER/HSPF of your unit, the greater its efficiency – and the lower your operating costs.

When properly matched and installed, your new Goodman brand SSZ16 R-410A Heat Pump offers efficiencies that provide significant savings compared to lower SEER units. In fact, these units are so efficient that they meet the higher standard of the Environmental Protection Agency's (EPA) Energy Star Program.**

**Energy Star ratings are dependent upon conditions beyond equipment installation. To make certain your HVAC equipment qualifies for the Energy Star designation get complete information at www.energystar.gov.

OUTSTANDING WARRANTY PROTECTION*

At Goodman, we take pride in our manufacturing and build each unit carefully. We rely on strict, quality-driven processes to build well-designed, top-quality, thoroughly tested products, backed by what we believe to be one of the best standard warranties and extended service plans in the industry. We leak-test every single heat pump three separate times during the manufacturing process, and we run-test each unit before shipment. This quality focus insures a trouble-free installation and a long product life.

We take extra care to build products that will last for years to come. And we're so confident in the durability of our products that we protect your Goodman brand SSZ16 heat pump with a **Lifetime Compressor Limited Warranty* for as long as you own your home** and a **10-Year Parts Limited Warranty* on all functional parts.**

For even greater peace of mind, ask your dealer or visit our web site at www.goodmanmfg.com for more details about **GoodCare**,[†] an affordable Parts and Labor Extended Service Plan for your entire Goodman brand HVAC system.[†]

ADDITIONAL INFORMATION.

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

IMPRESSIVE FEATURES AND BENEFITS:

GOODMAN® BRAND SSZ16 R-410A REFRIGERANT HIGH-EFFICIENCY HEAT PUMP

10 YEAR PARTS LIMITED WARRANTY*

LIFETIME COMPRESSOR LIMITED WARRANTY*

- 10-Year Parts Limited Warranty*
- High-efficiency cooling performance up to 16 SEER
- High-efficiency heating performance up to 9.75 HSPF
- High-performance scroll compressor with Lifetime Compressor Limited Warranty* for as long as you own your home
- Chlorine-free R-410A refrigerant
- Louvered cabinet made of heavy-gauge, galvanized steel for increased coil protection
- Durable appliance-quality paint resists effects of weather and time
- High-efficiency condenser coil made of corrugated aluminum fins
- Rifled refrigeration-grade copper tubing for maximum heat transfer
- Chassis color complements any home decor
- Louvered sound control top for quiet operation
- Three blade fan designed for quiet operation
- Legendary Goodman quality and durability
- Performance certified in accordance with the Air Conditioning, Heating and Refrigeration Institute
- Compressor sound cover

† Extended Service Plans not available in all states. Ask your dealer for full details.

GOODMAN: THE RECOGNIZED INDUSTRY LEADER

Every Goodman brand heating and air conditioning system is designed, engineered, and manufactured with pride. All employees follow strict, quality-driven processes to ensure that all Goodman products offer the legendary performance that has made the brand a recognized leader in the industry. This attention to quality has resulted in the Goodman family of companies becoming the second largest unit manufacturer of residential air conditioning and heating systems in North America.

The legacy began when Harold Goodman, a former air conditioning contractor, felt that he could build a better product. His goal was, and our goal remains, to manufacture air conditioning and heating equipment that performs more reliably, lasts longer than the competing products and eliminates time-consuming installation problems.

And, of course, he endeavored to make air conditioning and heating products as affordable as possible. Harold accomplished his goal and today the Goodman family of companies manufactures heating, air conditioning and ventilating equipment in modern facilities.

Our continuing commitment to quality products may mean a change in specifications without notice.
